

Md. Alahi Almin Tansen

ML & Backend Developer

Dhaka, Bangladesh | +8801616843230 | aatansen@gmail.com | linkedin.com/in/aatansen | github.com/aatansen

SUMMARY

I'm a CSE Graduate focused on Backend Development and actively learning Machine Learning and AI. I work with Django, Flask, and FastAPI to build scalable backend systems, while exploring areas like Deep Learning, NLP, and Computer Vision through hands-on projects. My software engineering background helps me connect ML concepts with practical, production-ready backend solutions.

TECHNICAL SKILLS

ML/AI Frameworks: scikit-learn
Programming Languages: Python, C++
Backend Frameworks: Django, Flask, FastAPI, Django REST Framework
Data Science: NumPy, Pandas, Matplotlib, Seaborn, Jupyter
LLM APIs & AI Tools: Google Gemini
Version Control: Git, GitHub
Databases: MySQL, MongoDB, SQLite
Development Tools: VSCode, Google Colab, Anaconda, Linux

EXPERIENCE

- | | |
|---|--------------------------|
| Asst. Python Django Trainer | Mar 2026 – Present |
| <i>Wizard Software & Technology Bangladesh Ltd.</i>  | <i>Dhaka, Bangladesh</i> |
| <ul style="list-style-type: none">Assisting in training delivery for Python Web Development Level-4 under BASIS-ASSET programMentoring trainees on Django, REST API and SQL integration through hands-on practical sessionsManaging assessments and documentation in compliance with NSDA-approved curriculum standards | |
| Backend Developer & Project Manager | Nov 2024 – Jan 2025 |
| <i>Neural Ionic Soft</i>  | <i>Dhaka, Bangladesh</i> |
| <ul style="list-style-type: none">Leading and managing backend development for innovative projects at fast-growing startupDeveloping dynamic eCommerce platform with scalable Django architectureDelivered Saha Law Chamber project featuring customized Django backend for law firm portfolioCollaborating with cross-functional teams to ensure project delivery and quality standards | |
| Backend Developer | Nov 2024 – Dec 2024 |
| <i>Creative Coders</i>  | <i>Dhaka, Bangladesh</i> |
| <ul style="list-style-type: none">Contributed to Energy Consumption Analysis Application developmentWorked with talented team on cutting-edge backend solutionsImplemented data analysis features for energy monitoring and optimization | |
| Python Backend Developer | Sep 2023 – Jan 2024 |
| <i>TechKnowGram Limited</i>  | <i>Dhaka, Bangladesh</i> |
| <ul style="list-style-type: none">Spearheaded development of Sobjanta AI, an advanced AI-driven web applicationBuilt scalable Flask-based backend architecture with AI integrationCollaborated with development team to deliver production-ready AI solutions | |

NOTABLE PROJECTS

Professional Projects

- | | |
|---|------|
| ytnb-embed <i>Python, Jupyter, PyPI Package</i> | 2026 |
| <ul style="list-style-type: none">Developed lightweight, privacy-focused Python package for embedding YouTube videos in Jupyter NotebooksPublished on PyPI with focus on user privacy and simplicityGitHub: github.com/aatansen/ytnb-embed — PyPI: pypi.org/project/ytnb-embed | |
| Personal AI Assistant <i>Python, Streamlit, Google Gemini, OOP</i> | 2025 |
| <ul style="list-style-type: none">Built AI-powered OOP-driven assistant acting as tutor, coding helper, and career advisorIntegrated Google Gemini API for intelligent conversational capabilitiesGitHub: github.com/aatansen/Personal-AI-Assistant | |

Jarvis-AI <i>Python, Voice Recognition, AI</i>	2025
- Created sophisticated voice-activated AI assistant inspired by Iron Man's JARVIS - Implemented natural language processing for voice command recognition - GitHub: github.com/aatansen/Jarvis-AI	
Machine Learning Project Implementation <i>ML, MLOps, Production</i>	2025
- Production-ready full implementation of ML project with complete MLOps pipeline - Applied best practices for model deployment and monitoring - GitHub: github.com/aatansen/Machine-Learning-Project-Implementation	
Saha Law Chamber <i>Django, Backend, Database</i>	2024
- Developed customized Django backend solution for managing client data and cases in law firm setting - Implemented secure database architecture for legal document management - Live: sahalawchamber.com	
BD Rent Solutions <i>Django, SQLite, Custom Template</i>	2024
- Created specialized platform for managing rental property information and listings - Developed full-stack solution with SQLite database and responsive Bootstrap UI - Demo: to-let-project.onrender.com	
Sobjanta AI <i>Python, Flask, AI, API</i>	2023
- Built advanced AI-driven web application at TechKnowGram Limited - Developed intelligent solutions with Flask backend and AI API integration - Live: sobjanta.ai	
Data Analysis with Pandas AI <i>Python, Pandas, AI, Hugging Face</i>	2023
- Showcased data analysis using Pandas with AI techniques powered by Hugging Face LLMs - Extracted insights from large datasets using AI-enhanced analysis methods - GitHub: github.com/aatansen/Data-Analysis-with-PandasAI	
<u>Research Projects</u>	
Multi-Model Comparison Deep Learning <i>CNN, Medical Imaging, Research</i>	2024
- Conducted comparative analysis of CNN models using brain tumor image dataset - Applied deep learning techniques for medical imaging applications - GitHub: github.com/aatansen/Multi-Model-Comparison-Deep-Learning-Project	
Violence Detection Using YOLOv8 <i>YOLOv8, Computer Vision, Deep Learning</i>	2023
- Developed advanced video analysis system for automated surveillance and public safety - Implemented real-time object detection using YOLOv8 architecture - GitHub: github.com/aatansen/Violence-Detection-Using-YOLOv8	
<u>Academic Projects</u>	
Mobile Price Prediction <i>Machine Learning, Data Analysis, UI Design</i>	2023
- Built ML-based system for predicting mobile device prices based on specifications and market data - Developed user-friendly interface for price prediction with data visualization - GitHub: github.com/aatansen/Mobile-Price-Prediction-With-UI	
Online Voting System <i>PHP, Bootstrap 5, HTML, CSS</i>	2022
- Developed software solution for tracking and managing voting activities efficiently - Implemented secure voting mechanism with user authentication - GitHub: github.com/aatansen/OVS-by-Crypton	
<u>Vibe Coding Projects</u>	
Bookmark Manager Plus M3 <i>JavaScript, Chrome Extension, UI/UX</i>	2026
- Developed all-in-one advanced bookmark manager with modern UI and advanced search - Published as Chrome Extension with focus on user experience - GitHub: github.com/aatansen/Bookmark-Manager-Plus-M3	

Bookmark URL Updater <i>JavaScript, Chrome Extension, Browser API, Automation</i> - Automated bookmark updates for permanently moved pages (301/308 redirects) - Implemented Chrome Extension using Browser API for seamless domain updates - GitHub: github.com/aatansen/Bookmark-URL-Updater	2025
Personal Desco Bot <i>Python, Telegram API, Automation</i> - Built professional Telegram bot for managing DESCO prepaid electricity meters in Bangladesh - Automated utility management with Telegram API integration - Live: t.me/PersonalDesco_bot	2025

EDUCATION

European University of Bangladesh  <i>Bachelor of Science in Computer Science and Engineering</i> <i>View Certificate</i> 	Fall 2019 – Fall 2023 <i>CGPA: 3.94/4.00</i>
Sher-E-Bangla Nagar Government Boys' High School and College  <i>Higher Secondary Certificate (HSC): 3.58 GPA</i> <i>View Certificate</i> 	2015 – 2018
<i>Secondary School Certificate (SSC): 4.95 GPA</i> <i>View Certificate</i> 	

TRAINING & CERTIFICATIONS

Full Stack Data Science with Generative AI Bootcamp  <i>Inception BD</i>  - Comprehensive bootcamp focusing on Data Science and Generative AI technologies - Learning full-stack data science, ML pipelines, and modern GenAI applications	Oct 2025 – Present
Python Django Web Development Course (Level 04, Batch 03)  <i>National Skills Development Authority (NSDA)</i>  <i>at DIPTI</i>  - Gained hands-on experience in developing scalable Django applications with best practices - Learned advanced Django features including REST framework, authentication, and deployment <i>Certificate: View Certificate</i> 	Mar 2024 – Jun 2024

AWARDS & RECOGNITION

Django Course Final Project Showcase - First Runners-up National Steam Olympiad Finalist <i>View Certificate</i> 	2024
Intra University Programming Contest - Second Runner-up <i>View Certificate</i> 	2024
EUB Medhavi Bangladesh Quiz Competition - 5th Place Science Fair Rubik's Cube Competition - 3rd Place <i>View Certificate</i> 	2023
Exemplary Behavior Award <i>View Certificate</i> 	2021
Special Distinction Award, Bishwo Shahitto Kendro Nationwide Enrichment Program <i>View Certificate</i> 	2016
	2014
	2013
